You might find it useful to refer to The Pension Advisory Service website and use their Identifying a Pension Scam Tool which can be found at **[www.pensionsadvisoryservice.org.uk/my-pension/online-tools](http://www.pensionsadvisoryservice.org.uk/my-pension/online-tools)**.

Remember, once you've transferred your pension into a scam, it's often too late. If you suspect anything, act now.

#### Information you will need

To complete this form, you will need details of the investments you currently hold in your SIPP so that you can make decisions about:

- which assets to sell to fund the benefits you want to take
- your investment strategy once you are in drawdown.
- details of any pension arrangements you have taken benefits from and any benefit protections you may have.

Please note, you will need to speak to our Customer Services team first if you do not have a recent valuation for your scheme and if:

- you have not obtained a recommendation to take benefits from your plan from a regulated adviser; or
- you have obtained a recommendation but you are submitting this form and not your adviser.

We will be able to supply you with a current valuation of your scheme, including the assets you have invested in, and will talk you through the steps you need to take.

## Information you will need (continued)

Once you have received your scheme valuation and you have spoken with our team if you are not taking Financial Advice, please complete this form in BLOCK CAPITALS and BLACK INK and email it to **customerservices@embarkpensions.co.uk**.

We strongly recommend that you encrypt your email to protect the contents and your personal information. If you are using a password to protect your request, please remember to contact us separately with the password used. Alternatively, please post to: **Embark Pensions, Provincial House, 37 New Walk, Leicester, LE1 6TU**.

If at any time you need assistance in completing this form, please call our Customer Services team on **01204 803500**.

The deadline for submitting this form and all supporting documents and information for payment of income in the same month is the 10th of each month. The payment of your benefits requires the completion of our checks and processes and also the receipt of cleared funds in your SIPP bank account.

## Financial advice

The decision to access your pension savings is an important one and we strongly recommend that you take regulated advice to understand your options at retirement. If you do not have a financial adviser you can find details of local regulated financial advisers by visiting **unbiased.co.uk** or clicking on "Find financial services in your area" on the FCA's Financial Services Register at **register.fca.org.uk**.

If you decide to take your benefits without consulting with an adviser, we strongly suggest that you instead contact MoneyHelper and book an appointment with their Pension Wise service.

## MoneyHelper and Pension Wise

**MoneyHelper**

**Pension Wise**

Pension Wise is a government service from MoneyHelper that offers free, impartial pensions guidance about your defined contribution pension options. An appointment with Pension Wise is free and will help you understand what your overall financial situation will be when you retire. An independent pension specialist will talk you through your options to help you make the right decision. You'll also find out about the other factors you need to consider when deciding on your options before retirement.

MoneyHelper do not offer advice. For advice, please speak to a financial adviser. MoneyHelper's website is **moneyhelper.org.uk**, or you can contact them on **0800 011 3797**. Further information about how the Pension Wise service from MoneyHelper can help you is in section 3.

## Disinvestment instructions

It is up to you or your adviser to give us disinvestment instructions to cover any funding on your retirement benefits and to ensure that you hold sufficient cash each month within your SIPP bank account to cover any benefit payments. This includes immediate payment and the scheduling of all future disinvestment instructions that will be needed to fund your future retirement benefits. Embark Pensions will not be responsible for any missed benefit payment as a result of insufficient cash in your SIPP bank account. The dates we make income payments are shown in our FAQs.

## 2 FINANCIAL ADVICE

If you have not received a positive recommendation to take benefits from your pension scheme from a Financial Adviser and they are not submitting this form on your behalf, please call our Customer Services team on **01204 803500** in the first instance. You will need to complete section 3.

If you have received a positive recommendation to take benefits from a Financial Adviser, they will need to complete and sign section 6 and submit this form on your behalf. Please go to section 4. Please note your adviser will charge for this service; these charges can be deducted from your SIPP.

**We strongly recommend that you consider taking regulated financial advice before proceeding. Taking benefits from your plan is an important decision to make, and careful consideration must be given to the options available to you and how you will invest your funds in retirement. If you still want to proceed without taking the advice of a regulated financial adviser, there are three additional requirements for you to follow. These are outlined below.**

### 1. Pension Wise service from MoneyHelper

Please ensure you complete **section 3** of this form.

Please also confirm whether the reason you have not taken regulated financial advice is because you have already had an appointment with MoneyHelper's Pension Wise service?

☐ Yes☐ No

If you have already had an appointment, you may still benefit from receiving guidance from Pension Wise again if your personal circumstances, or the value of your pension savings, have significantly changed since your appointment.

### 2. Risk assessment

We will need you to complete our Risk Warning Questionnaire, which we will send to you once you have returned this form to us.

On receipt of your completed questionnaire we will send you a statement highlighting the potential risks of your chosen option. If you still want to proceed, you will need to confirm that you have read and understood the risk warnings.

### 3. Investment Pathways

You will need to read some important information and support about the retirement and investment options available to you. You can access this information by typing the following URL into your web browser: **[embarkmyretirement.co.uk/embarkpensions](https://embarkmyretirement.co.uk/embarkpensions)**. The information will help you with both **sections 4 and 5**. You will be asked to provide some responses in these sections based on the information provided.

Before you access the information, you will need details of the investments you currently hold in your SIPP so that you can make decisions about:

- which assets to sell to fund the benefits you want to take; and
- your investment strategy once you are in drawdown.

If you have an Option SIPP or an Embark Pensions Full SIPP, you can view your investments by logging onto our Client Portal at **[embarkpensions.co.uk/client-portal](https://embarkpensions.co.uk/client-portal)**.

If you do not have log in details, please contact our Customer Services team on **01204 803500**.

**The above is mandatory for clients that have not taken advice on taking their benefits, and we will not be able to process your drawdown request without these being completed.**

THE PENSION WISE SERVICE FROM MONEYHELPER

As described on the first page, Pension Wise is a government service from MoneyHelper that offers free, impartial pensions guidance about your defined contribution pension options.

If you are not taking regulated financial advice, we strongly recommend that you book an appointment with Pension Wise to discuss the options available to you. The appointment will take between 45-60 minutes and can be over the telephone or somewhere local to you.

The purpose of the appointment is to help you make an informed decision about what to do with your pension savings, including the different options available to you about accessing your pension savings. During a Pension Wise appointment, an independent pension specialist will:

- explain your pension options
- explain how each option is taxed
- tell you what your next steps are

## 4 COMPLETING YOUR REQUEST (CONTINUED)

### Notes

When you have multiple schemes in payment and some of these commenced prior to 6 April 2006, we may need to contact you for further details to establish the correct position regarding your Lump Sum Allowance i.e. your tax free benefits. If you are unsure of any of the details above, we recommend that you clarify this information with your other providers.

If you have transferred funds previously to a QROPS scheme then this will have used part of your Lifetime Allowance. Please include details above, noting the pension as QROPS (in the Provider/Scheme Name box) and the Lifetime Allowance used.

We may need to ask for further details in certain circumstances in relation to the above.

If the value of the benefits you wish to crystallise under your SIPP exceeds the remainder of your Lump Sum Allowance, these benefits will be taxed at your marginal rate.

## C – Your pension protection

If you've previously applied to HM Revenue & Customs (HMRC) for protection(s) from the Lifetime Allowance, you may be able to use these in order to take more of your pension benefits savings tax-free. Your P60 will be issued to you at the end of each Tax Year.

## F – Funding benefits

In order to crystallise all or part of your pension scheme we will need to complete a valuation of your funds.

2. Do you hold Unlisted Shares within your pension scheme? ☐ Yes ☐ No

If you have answered **No** to both **F1** and **F2** please proceed to **F3**

If you have answered **Yes** to either or both **F1** or **F2**, in order to carry out your request, we will need to conduct a valuation. This will include obtaining

- current valuations (no more than 6 months prior to your Benefit Payment Request) of any Properties held
- current valuations (no more than 3 months prior to your Benefit Payment Request) of any Unlisted Shares held.

**NOTE:** Our liquidity requirements are for clients who hold Property and/or Unlisted Shares. We require that at least **10%** of the value of each of our pension schemes should be held in standard investments (including cash deposits).

These requirements may limit the amount that is able to be withdrawn as we must ensure there are sufficient funds to cover fees, future costs and liabilities in relation to the assets held. Where there are few liabilities in relation to the scheme, we may consider and approve a payment to go ahead. However, this is done on a case-by-case basis and we cannot guarantee this will apply to the scheme in question.

**NOTE:** The Property valuation report must be completed by a FRICS/RICS/ARICS qualified surveyor and conducted in accordance with the RICS Appraisal and Valuation Manual (a 'red book' valuation). If a red book valuation has previously been submitted then we can accept a Letter of Addendum, on company headed paper, from the same surveyor. The valuation date used must be within 6 months of your Relevant Benefit Crystallisation request.

**NOTE:** The Unlisted Shares valuation report must be completed by an independent accountant and the letter must be addressed to the pension scheme with the name and the wet signature of the accountant who carried out the valuation. The valuation should represent a market value and contain the basis of the valuation i.e. details of any relevant qualifications or assumptions. The valuation date used must be within 3 months of your Relevant Benefit Crystallisation request

3. For all assets excluding Property and Unlisted Shares we will require a current valuation as at the date you sign this form. Where possible please provide a valuation from the relevant Investment Companies of the investments held within your plan. If you are unable to provide this information, we will contact the relevant Investment Companies for you, however this may cause some delay.

Please indicate below which assets are to be disinvested in order to generate sufficient cash to pay the benefits you have requested. Additional forms may be required to carry out these disinvestments.

**NOTE:** Please refer to our Frequently Asked Questions concerning our liquidity requirements for clients who hold Property and/or Unlisted Shares.

## 4 COMPLETING YOUR REQUEST (CONTINUED)

### G – Investment Choices (Including Investment Pathways)

Only applicable if you are NOT taking Financial Advice.

As well as understanding how you will be funding the payment you have requested, we also need to understand what your investment strategy is after your benefits have commenced.

You will need to read some important information and support about the retirement and investment options available to you. You can access this information by typing the following URL into your web browser: [www.embarkmyretirement.co.uk/embarkpensions](http://www.embarkmyretirement.co.uk/embarkpensions). The information will help you with some questions that follow.

Before you access the information, you will need details of the investments you currently hold in your plan so that you can make decisions about:

- which assets to sell to fund the benefits you want to take; and
- your investment strategy once you are in drawdown.

Please refer to your valuation supplied with this form for further details.

Please tick to confirm that you have completed the online tool:

☐

You must be satisfied that the investment choices you have made for the funds that remain in your plan will meet your needs. Please confirm your investment choices by selecting one of the following

1. I confirm that I have reviewed my current investment choices and am satisfied that these meet my investment needs and I don't wish to make any changes. There is sufficient cash in the bank account for my chosen payments.

☐

2. I wish to change my investments without using Pathway Investments. I have provided details of the investments to be bought and sold in the box below.

☐

3. I wish to invest the funds I am crystallising into the following Pathway Investment(s):

☐

The Embark Save It Investment Pathway	<input type="checkbox"/>	(£ or % of crystallised pot)
The Embark Annuity Investment Pathway	<input type="checkbox"/>	(£ or % of crystallised pot)
The Embark Drawdown Investment Pathway	<input type="checkbox"/>	(£ or % of crystallised pot)
The Embark Withdraw It Investment Pathway	<input type="checkbox"/>	(£ or % of crystallised pot)

**Note:** Further details regarding the above 4 Investment Pathways are available via the online tool at [www.embarkmyretirement.co.uk/embarkpensions](http://www.embarkmyretirement.co.uk/embarkpensions)

If you have selected option 3, we will firstly establish an account for you on the Scottish Widows Platform and then place your chosen investment(s) once there is sufficient cash in your plan.

Please indicate in the box below which investments (if any) you intend to sell so that we can make the investment.

The above is not an instruction to us to change your investments. To make the above changes you will need to instruct us or your investment manager in the usual way; additional forms may be required.

The reason we ask for your investment choices is so we can determine the level of cash or 'cash-like' assets you will have in your plan once in drawdown. If your investment choices result in this exceeding 50% of your plan, we will supply you with a warning about the impact inflation could have on significant cash holdings.

Please confirm that when making your investment decision above you have specifically considered the amount of cash or 'cash-like' investments that will be in your plan once you are in drawdown, and that you are satisfied that this is appropriate for your retirement needs.

☐

**Note:** Please refer to our Frequently Asked Questions concerning our liquidity requirements for clients who hold Property and/or Unlisted Shares.

DECLARATION

I declare that to the best of my knowledge and belief the information contained in this form is true and complete and that based on the information provided, Embark Pensions will reasonably expect to treat this as up-to-date information on my other pension arrangements.

I acknowledge that Embark Pensions may disclose my personal data to a credit reference agency in order to verify my details both during the application process and the ongoing administration of my account. This data will be used to prevent fraud and money laundering and to check my identity. Any checks performed may be recorded on my credit history.

I acknowledge that Embark Pensions will disclose my personal data to any governmental, legal or regulatory body if required to do so by applicable law and regulation.

I understand that my pension will be taxed at an emergency tax code until HMRC informs Embark Pensions of my tax code. The level of income tax paid may be greater or less than required and I may be entitled to a tax rebate if too much tax has been deducted. I understand that I am responsible for reclaiming any tax or paying any additional tax to HMRC.

I understand that due to the HMRC requirement that PAYE must now be reported in real time (Real Time Information or RTI) Embark Pensions must pay all pension income and tax on the same day of the month.

I am aware that I have a right to purchase a lifetime annuity from my accrued funds held within the scheme at any time.

I understand that by accessing my pension flexibly taking taxable income under Flexi-Access Drawdown, I will be subject to the Money Purchase Annual Allowance. I understand that it is my responsibility to inform all other schemes I am a member of that I have flexibly accessed my benefits (if applicable).

I understand that if by taking the income I have requested, this results in my SIPP being exhausted, my SIPP will be closed with any accrued interest being added. This will be a full and final discharge of Embark Pensions' liability in respect of my SIPP. I acknowledge that any residual funds received following the closure of my Embark Pension below the value of £30.00 will be paid to the Embark Group's

charity on my behalf. For any residual funds received following the closure of my Embark Pension above the value of £30.00, Embark will attempt to contact me to arrange an income payment to myself.

If Embark Pensions are unsuccessful at contacting me, these funds will also be paid to the Embark Group's charity on my behalf.

I accept the consequences of choosing this course of action including:

- the rate at which I choose to draw funds may be unsustainable;
- the more I draw during my lifetime, the less funds will be available to provide benefits for dependants or other beneficiaries on my death;
- 75% of any amount crystallised will be subject to income tax for the tax year in which it is drawn unless I have Tax-Free Cash protection;
- any decision about the rate of drawing funds may hold significant income tax and/or inheritance tax consequences. I will be responsible for obtaining any advice and making any decisions relating to all tax matters;

## 8 FREQUENTLY ASKED QUESTIONS

### How are benefits paid?

All benefits are paid in cash sterling only.

### What are the liquidity rules concerning Property and Unlisted Shares?

Selling Property and Unlisted Shares can take a considerable length of time and this should be taken into consideration when using these assets for payment of your Pension Commencement Lump Sum and income. Under HMRC rules the payment of your PCLS must be completed within 12 months of your your Relevant Benefit Crystallisation Event or it will revert to being paid as income only and taxed at your marginal rate.

We also require that at least **10%** of the value of each of our schemes should be held in standard investments (including cash deposits).

These requirements may limit the amount that is able to be withdrawn as we must ensure there are sufficient funds to cover fees, future costs and liabilities in relation to the assets held. Where there are few liabilities in relation to the scheme, we may consider and approve a payment to go ahead. However, this is done on a case-by-case basis and we cannot guarantee this will apply to the scheme in question.

### What do I need to consider when disinvesting funds to make pension payments?

Accessing your pension benefits at a time of volatility in the financial markets may mean your pension fund may be significantly lower than it was previously. It is extremely important to understand that taking benefits from your pension fund to finance a short-term cash requirement, may compromise your pension in the future. This may mean that a larger proportion of your pension fund could be used to finance the withdrawals you are seeking.

Furthermore, if you access your pension savings now, you may miss out on any future increases in value if markets recover. Remember too that pension benefits may be taxable and there may also be charges or deductions linked to accessing your pension pot.

If you plan to take some or all of your pension benefits as Flexi-Access income now, but plan to save more in the future, you will be restricted by the Money Purchase Annual Allowance (MPAA) limits. Unused MPAA cannot be carried forward to a future tax year.

The value of the crystallised proportion of your scheme will also fluctuate in line with the total scheme value. If at any point due to the change in value of your scheme overall, you no longer have sufficient crystallised funds available to pay either your PCLS or income, Embark Pensions will monitor and advise you of any forthcoming issues regarding your requested payments.

Please refer to the Illustration which will be provided for your transaction, regarding the forecasted value of your scheme.

### Can I still apply for Pension Protection?

Yes, both Individual Protection 2016 and Fixed Protection 2016 are still available from HMRC until 5 April 2025. Please refer direct to HMRC for details of how to apply [www.gov.uk/guidance/pension-schemes-protect-your-lifetime-allowance](http://www.gov.uk/guidance/pension-schemes-protect-your-lifetime-allowance)

#### Fixed Protection 2016

If HMRC received your application on or after 15 March 2023, you cannot keep building up your pensions from 6 April 2016, except in limited circumstances.

If HMRC received your successful application before 15 March 2023 and you still validly hold this protection, you can continue to build up your pensions without impacting the validity of your Fixed Protection 2016 from 6 April 2023.

#### Individual Protection 2016

If you had registered for fixed protection by 15 March 2023 you cannot lose your protection. You can now recommence pension funding, make transfers and start new arrangements without fear of invalidating the protection.

### What are the income payment dates?

Scheme	Income Payment Details
Option SIPP & Full SIPP Any Hornbuckle scheme with reference commencing HM*****	Monthly on the 28th
The EBS SIPP & The EBS SAPPP Any Hornbuckle scheme with reference NOT commencing HM*****	Last working day of the month

### What is meant by Real Time Information (RTI)?

Real Time Information (RTI) is a system of PAYE reporting that started in April 2013. Under RTI, pension providers must send information to HMRC each time they pay their members any taxable income. This enables HMRC to keep more accurate records and to ensure that over time people pay the correct tax. As Embark Pensions makes one submission to HMRC each month in respect of any member income payments we have made, this means that all members must be paid on the same day so that the information is reported in real time.

to be either enclosed with this form or for your transferring provider to send it to us. We will then be able to apply your current tax code to your income payments. Please be aware some transferring providers may only issue the P45 to you directly, in which case please forward it on to us. We can only apply the tax code if we are in receipt of the P45 as this contains the full details needed.

### What happens if I don't have a tax code?

If you do not have a tax code, we will apply an Emergency Code on a Month 1 basis until HMRC issues a tax code for us to apply against future payments.

### What happens if I pay too much tax?

This will depend on how much of your fund is withdrawn, as detailed below:

#### a) You withdraw your entire pension fund

If you believe too much tax has been deducted from your payment, you will need to contact HMRC directly. HMRC will then require you to complete a Repayment Claim Form P50 and refund any overpayment of tax if applicable. If you do not contact HMRC directly then your tax position will be reviewed by HMRC at the end of the tax year. A tax calculation will be sent to you detailing any under or overpayment of tax that may apply. Please be aware, all other earnings are considered when HMRC calculate your tax.

#### b) You withdraw part of the pension fund

If an emergency tax code is initially used for the deduction of tax from the payment and you believe too much tax has been deducted, HMRC will issue us with a tax code to be applied to the next payment to ensure the correct tax deductions are made. This will correct any overpayment of tax and result in a refund of tax if appropriate.

If no further payments are taken in the tax year, HMRC will review this at the tax year end. Please be aware, all other earnings are considered when HMRC calculate your tax.

### What changes have been made from 6 April 2024?

The Government limits the amount of pension benefits that can be paid tax-free from all your pension plans. To do this, it applies two allowances:

**Lump Sum Allowance (LSA)** – the total amount of tax-free lump sums that can normally be paid from your pension benefits. This is currently set at £268,275, but may be higher if you've applied to HM Revenue & Customs (HMRC) for certain protections.

and

**Lump Sum & Death Benefit Allowance (LSDBA)** – the total amount of all your pension benefits that can be paid tax free, including death and certain other lump sum payments (such as for serious ill-health). The limit is currently set at £1,073,100, but may be higher if you have applied to HMRC for certain protections.
